

HL 400 / HL 400 V

DESIGN AIR CLEANER MODERN, HANDY, EFFECTIVE

OFFICES // MEDICAL PRACTICES // COMMERCIAL PREMISES//HOMES

WITH STANDARD FILTER BOX OR VIRUS FILTER BOX

Filters bacteria, viruses, pollen, dust and odours

MODERN, SIMPLE DESIGN

Fits perfectly into every room

SIMPLE & QUIET OPERATION

With whisper quiet night operation

DESIGN AIR CLEANER HL 400 / HL 400 V

Simple operation - monitoring and control via app

HL 400 V with virus filter box - effective against viruses and germs

HL 400 with standard filter box - reduces bacteria, pollutants and odours

APPLICATION

The **HL 400** filters bacteria, viruses, pollen, dust and odours. By means of a 7-stage filter system, viruses, such as the corona virus at present, are filtered out of the room air and incorporated so that they can no longer escape. It is suitable for a room size of 50 m² at triple air change.

The **HL 400 V** with virus filter box (multifunction filter, H14 filter) additionally reduces the concentration of viruses and germs.

- In living and bed rooms.
- In offices.
- In shops.
- In medical practices.
- In seminar and training rooms.

FEATURES

- Effectively reduces indoor pollutants and improves the air for breathing.
- Filters bacteria, viruses, pollen, dust and odors effectively.
- Standard filter box with 7-stage filter system (HL400) / virus filter box with 4-way H14-filter system (HL 400 V).
- Automatic air quality control.
- Elegant LED air quality display / fragrance function.
- 3-stage ventilator.
- Controllable via Wi-Fi and via app.
- UV-A light against bacteria (365 nm).
- Removable cover for easy filter change.

HL 400

with standard filter box

Contents:

Air cleaner HL 400

Pre-filter, cold catalyst filter, activated carbon filter, antibacterial filter

E10 main filter (E10 according to EN1822)

Sterilising UV-A light, ionisation

HL 400 V

with virus filter box

Contents:

Air cleaner HL 400

Combi-filter composed of

- G4 pre-filter
- HEPA H14 main filter (H14 according to EN1822)

Sterilising UV-A light, ionisation
